

OPPOSE THE DEMOLITION OF THE CALAIS CAMP LET THE REFUGEE CHILDREN IN!

Help4Refugee
Children

Emergency protest Called by Stand Up To Racism & Help4Refugee Children

Monday 24 October, 6pm

French Embassy,
58 Knightsbridge,
London SW1X 7JT

The government have finally let 14 refugee children into Britain from the Calais camp, after intense pressure from the public. They claim another 86 will soon follow. But that is a drop in the ocean.

At the moment there are still nearly 1,000 children (many unaccompanied) living in the refugee camp. During the previous demolitions over a hundred children went missing, some which remain unaccounted to date.

We oppose the demolition of the camp, and we demand

The ruins of the camp after a previous demolition

that the Dubs amendment is enacted and refugee children are allowed to come to Britain. Join us at the protest.

Bring kid's shoes and

teddy bears to leave outside the French Embassy to signify the refugee children they are uprooting and putting in harms way.
