

# MODEL MOTION: OPPOSE THESE RACIST PROTESTS

## **This branch/committee/ campaign notes**

- 1) The planned visit by Donald Trump to Britain from 12-14 July.
- 2) The call by Together Against Trump for mass protests when the US President arrives with a national demonstration on Friday 13 July.
- 3) The 15,000 strong far right protest to “free Tommy Robinson” on Saturday 9 June that saw attacks on anti-racists and the police and Robinson’s supporters giving the fascist salute.
- 4) The plan by Robinson’s supporters to rally again in London on Saturday 14 July.

- 5) The launch of the unity statement calling for protests against Trump on 13 July and Robinsons supporters on 14 July published in the *Guardian*.

## **This branch/committee/ campaign believes**

- 1) That Trumps racist policies of forced child separation from migrant families, plans for the anti-migrant “wall” and his Muslim ban are fuelling support for racist ideas and the far right.
- 2) That Trump should face mass opposition when he comes to Britain.
- 3) That the fascist and racist right are using the “Free Tommy Robinson” campaign to rebuild and rally their forces.

- 4) That we cannot allow the forces of the racist and fascist right to rally unopposed on 14 July.

## **This branch/committee/ campaign resolves**

- 1) To mobilise for the Together Against Trump demonstration on Friday 13 July in London.
- 2) To mobilise for the Stand Up to Racism & Unite Against Fascism unity counter-protest against Tommy Robinson’s supporters on Saturday 14 July
- 3) To affiliate to Stand Up To Racism
