INTERNATIONAL CONFERENCE AGAINST RACISM AND FASCISM

Fueled by Donald Trump's presidency, racism, Islamophobia and antisemitism are on the rise.

Hate crime and far right terror attacks are at epidemic proportions, and the racist and fascist right are experiencing the biggest growth in their support since the 1930s.

In Britain, there is a toxic debate around the deepening Brexit crisis. Meanwhile, mainstream politicians have relied ever more on ratcheting up racist division and scapegoating, deliberately fostering a 'hostile environment'.

Populist racists

We now have racists centre stage of politics, with "Britain's Trump", Boris Johnson, sitting as prime minister. **Whether you voted Leave or Remain, we must unite to oppose the racist agenda.**

Johnson described Muslim women who wear the Burka as looking like 'letterboxes' and 'bank robbers'. He described black people as having 'watermelon smiles'.

Brexit Party leader Nigel Farage has built his career on scapegoating migrants and the Muslim community.

Marching against

Fascist 'Tommy Robinson' and far right UKIP have been marginalised through successful anti-racist campaigning.

Johnson and Farage's politics of intensifying mainstream racism and divide and rule, by scapegoating refugees, migrants and Muslims, will only embolden the racist and fascist right.

Toxic

As thousands suffer as a result of the 'hostile environment', the Windrush scandal, institutional racism, the and the humanitarian crisis facing refugees—a

Johnson government is fueling the fire.

On Saturday 19 October anti racists and anti fascists from across Britain, Europe and the US will gather in London at this international conference.

Come and join the debate about how we build an international movement against racism and fascism and how we drive back the populist racism of Johnson and Farage.

Plenaries & workshops include:

- Challenging the rise of racism, Islamophobia and Antisemitism
- Windrush, Grenfell, deaths in custody - the fight for justice

- Love Music Hate Racism - culture and the anti racist movement
- Fighting the 'Hostile Environment' and Islamophobia in the age of Boris Johnson
